# Without insurance, one injury or illness could result in big medical bills.

Even if your children are healthy, accidents and illnesses happen. If your kids need coverage, contact EveryStep to see if they qualify for Hawki — a free or low-cost plan for kids under 19.

## Requirements:

- Children must be under age 19
- Cannot be dually enrolled with other health insurance\*
- Children must be U.S. citizens or have a qualifying immigration status
- Must meet Hawki family income guidelines

*Many working families qualify!*

*\*Even if your child already has medical or dental coverage, you can still get dental coverage through Hawki. Dental coverage is provided by Delta Dental of Iowa. Should you meet all eligibility requirements after applying, your child will automatically be put on Hawki Dental Only. Once Hawki Dental Only is established, you have the option of canceling your private health insurance coverage and upgrading to full Hawki coverage.*

## Apply for Hawki or Medicaid today!

Enrollment for Hawki and Medicaid is open year-round. Your child could be approved for **immediate coverage** through the Presumptive Eligibility Medicaid application process offered at EveryStep. Contact us to schedule an appointment if the following applies:

- If your child is uninsured or *underinsured*.
- If you are paying too much for your child's health insurance.
- If your family income falls within the income guidelines.

## What services are covered?

- Doctor and well-child visits
- Inpatient and outpatient hospital services
- Vaccines (immunizations) and prescription medications
- Ambulance services and emergency care
- Vision, dental and hearing exams
- Specialists
- Chiropractic care
- Mental health/Substance abuse care
- And much more!
